

THE RAILWAY EMPLOYEES CLOSE THEIR ARGUMENT

Position Taken That Wage Reductions Should Be Left in
Abeyance Until Working Conditions Are Agreed
Upon by Railroads and Employes

CUT WOULD PROVOKE AND PERPETUATE STRIFE

Claim That Should Board Promulgate New Wage Scales
Before New Agreements Are Made Would Cause
Utter Chaos in Transportation Industry

By LUTHER A. HUSTON
N. S. Staff Correspondent
CHICAGO, May 5.—Railway employes closed their arguments against wage reductions before the United States railway labor board today with a threat of general strike unless wage reductions are left in abeyance until working conditions and rules are agreed upon.

B. M. Jewell, president of the railway employees' department of the American Federation of Labor, closed the defense of the shop crafts.

"I say to you with all the solemnity and force of which I am capable," Jewell declared, "that for this board to make a decision in this wage case, unless that decision be to reaffirm existing schedules, before we have worked out new agreements, would be to provoke anew and to perpetuate strife and misunderstanding."

Should the board promulgate new wage scales before new agreements are made between the roads and their employes, Jewell said, "the question

as to agreements would inevitably come back to this board in a controversy of redoubled bitterness and we would have a condition of utter chaos in the transportation industry. Interruptions of traffic would be inevitable with results that may, perhaps, be better imagined than discussed at this juncture."

Jewell asserted emphatically that the railroads have not established a single ground for wage cuts except that they were "hard up," and that ground, he contended, is not an issue in the case before the board, which is not concerned with the financial conditions of the railroads. He attributed the financial plight of the roads to the "management of those who are far-sighted only when they see a dollar that is not already theirs."

Existing working agreements between the carriers and their employes have been abrogated, effective July 1, Jewell contended that the present wage scales must be maintained until the new agreements which are to be worked out are completed.

VICTORY ANNIVERSARY

SAN DIEGO, May 5.—Cinco de Mayo, Mexican independence day and the anniversary of the victory of Maximilian, was ushered in by a fight between a band of 40 Mexican revolutionists and a party of 40 federal soldiers at La Puerta, 25 miles east of Tia Juana, early today. One federal soldier was killed and several were wounded, according to reports received at the Tia Juana customs office. The revolutionists were the aggressors, attacking the federal soldiers without warning. The federal soldiers took to cover and battled the revolutionists for several hours, at the same time retreating to the garrison at Tecate, four miles away. An officer of the former Cantu regime is said to have led the revolutionists in the attack. Federal authorities have rushed reinforcements from Mexicali. Two days ago the rebels attacked Tia Juana; a party of 15 horsemen rode into town, yelling "Viva Cantu," and shot up the place. The Tia Juana post has since been reinforced by troops rushed in from Ensenada.

La Puerta, the scene of today's skirmish, is on the line of the San Diego and Arizona railroad. It is a place of small importance, indicated only by a sign on the railroad's right-of-way where it enters a deep gash-like cut through a rock hill. From this fact the place derives its name, which signifies "The Gate."

Reinforcement garrisons having arrived, little fear is felt that attacks on the towns of Tecate and Tia Juana will be renewed. Tia Juana is celebrating the anniversary of Mexican independence today with a parade and fiesta.

LAST NIGHT'S FIGHTS

At PITTSBURG—Harry Greb won a decision over Bartley Madden in 10 rounds.

Fred Fulton stopped Jack Temple of San Francisco in the first round.

GLOBE TROTTERS BACK IN GLENDALE

Say That Belgium Is Fast
Recovering From Effects
of World War

Henry Walsma and wife, who one year ago sold their bakery at 116 West Broadway, this city, and took a trip across the water, are back in Glendale again. Mr. Walsma says it is the finest place on earth. They left here by auto and visited Grand canyon, and Petrified forest in Arizona, going from there to Kansas City, where they made a short stop. Other points touched were: Chicago, Grand Haven, Grand Rapids and Detroit, Mich., Buffalo, Niagara Falls, and Paterson, N. J. There they embarked for Holland, visiting the parents of both Mr. and Mrs. Walsma, who live near Amsterdam. They found all well and happy. Many places in Belgium were visited by the travelers and from their observation the plucky little kingdom is fast recovering from the ravages of war.

They returned to New York, April 4, and arrived in Glendale, April 25. They will take possession Monday of the fancy bakery which they have just purchased from Fischer & Cunningham on North Brand. At present they are sojourning with relatives, Mr. and Mrs. H. A. Michel at 807 North Central, but expect to buy or build a home.

DELEGATES TO MUSIC CLUB HERE

Wednesday afternoon delegates to the convention of the Federation of Music Clubs, which has been meeting in Los Angeles this week, to the number of 100 were taken in 31 automobiles for a ride around the parks and environs of the Angel City, ending their ride at the home of Mrs. Dean Mason, where tea was served. They passed through Glendale and their only stop was made here at the home of Mrs. R. W. Meeker, who was chairman of decoration of the convention. At the Meeker ranch on East Colorado they were made very welcome and invited to help themselves to oranges from the trees, a privilege some of them had never enjoyed before. Mrs. Mattison B. Jones and Mrs. C. L. Marlenee of this city also attended the tea.

RUNS NEEDLE INTO FINGER

Mrs. T. A. Wright of 141 North Louise street, had the misfortune last Monday to run a needle into the third joint of her little finger, where the point broke off. An X-ray shows the point of the needle firmly embedded in the joint. Mrs. Wright is unable to use her hand as a result of the accident.

COMMUNITY CONCERT TO BE GIVEN FRIDAY

Resident Artists Have Pre-
pared a Program Par
Excellence

DISPLAY GREAT TALENT

Tuesday Afternoon, Glendale
Music, Madrigal and Girls'
Glee Clubs Represented

Glendale, the city of talented people, will again prove its right to that title, when on Friday evening, May 6, at the high school, the Glendale Music Club will hold its Concert Community Night with a program par excellence, rendered by resident artists. Mrs. Catherine Shank, noted songstress, whose name on a program is hailed with delight, will sing a group of songs.

The Nevin quintet, composed of Mrs. C. A. Parker, Mrs. Helen Graham Cole, Mrs. Frank Arnold, Mrs. A. M. Draper, with Mrs. L. H. Hagood at the piano and who have created a furor wherever they have appeared, will render several vocal selections.

Mrs. Elmore Hopkins, concert harpist, a recent comer to Glendale, will play a number of solos.

Mr. Elia A. Faggioli, whose remarkable baritone voice and fine appearance bids fair to make of him a concert star, is to be one of the artists of the evening.

The Madrigal Club, whose fame has reached out and who are in constant demand for concert-work, will delight the audience with their selections.

While the Girls' Glee Club of Glendale high school, under the direction of Mrs. Dora Gibson, will charm the assemblage with a number of well selected songs. Represented on this program are the Glendale Music club, Tuesday Afternoon club, Madrigal club and Girls' Glee club. All members of these associations are entitled to one guest, admitted on member's visiting cards, otherwise admission will be 25 cents at the door.

LOCAL P. E. O. HOLD LA RAMADA PARTY

All Glendale Chapters and
Burbank Participate in
Reciprocity Luncheon

Some time ago the reciprocity bureau, of which Mrs. Eva Cunningham was president the past year, decided that a P. E. O. reciprocity luncheon at La Ramada would prove enjoyable. The luncheon was given Wednesday, May 4, at 1:30 o'clock, and 72 P. E. O.'s were present from Chapters L. A. H. B. A., C. J., and U. of Burbank.

The tables were decorated in the colors of the order, yellow and white. Following the three-course luncheon speeches by three new state officers were much enjoyed. Mrs. Bennett of Orange, state president, highly pleased her sisters by giving an original poem on the formation of local chapters, their work and achievements. She also spoke of what the P. E. O. means to its members. Mrs. Faith Story of Burbank, new corresponding secretary, spoke on "Friends," and was followed by Mrs. La Belle Townsend of Los Angeles, state treasurer, who spoke on "Reciprocity." The speeches were very inspiring, helpful and much enjoyed.

The program closed with two beautiful piano numbers by Mrs. Dorothy Weller.

TABERNACLE ANNOUNCEMENTS

Tonight at the Tabernacle mass meeting the evangelist's theme will be "Memory."
Tomorrow morning at 10 o'clock, subject will be: "Christian Science, Does It Heal?"

Saturday afternoon at 2:30—Rev. Brown will speak to a great gathering of women and girls in the Tabernacle.

Sunday afternoon at 3 o'clock, will be the great mass meeting for men and boys, who are to meet in front of the high school at 2:30 and then march in a body, headed by the American Legion band, in full uniform, all under the direct command of Major Thomas D. Watson. More than 500 men are expected to be in line.

Friday night—Girls' rally and supper at First Methodist church. Sunday afternoon meeting for women and girls at First Methodist church, addressed by Mrs. Neth.

MRS. FRANCES L. NETH

It is a wonderful group of wonderful folk that makes up the John Edward Brown evangelistic company, and far from the least important member is the one lady, Mrs. Frances L. Neth, who is "Mother" to literally thousands of girls all over this broad land. Hollywood has been her home for many years and still is, for that matter, and it was there she began the work with girls that has become the consuming passion of her great, motherly heart. In 1914 she went to Vancouver, B. C., to launch her favorite work among the girls in that section of the Dominion, and for five years she carried it on until she had 1200 enlisted in her groups.

Two years ago she joined John Brown in his great project of establishing a school for poor boys and girls in Siloam Springs, Ark. She is at the head of the directorate of 100 women for this school, and while traveling from place to place with the evangelistic company, has not neglected the interests of the school. Mrs. Neth will give up her work with the John Brown company when the Hanford meeting closes, but will retain her position at the head of the school directorate and actively push that work. She will return to Hollywood, however, and, working with the First Baptist church of Los Angeles which has provided funds for the purpose in its budget, will establish and promote "Corner Clubs" for girls. Mrs. Neth feels that she can do more for girls this way than in any other and this is her great object in life.

In the brief time she has been in Glendale, Mrs. Neth has made a warm place for herself in the hearts of hundreds of Glendale girls, who will rejoice to know that early in June she will be back in her home at 3553 White House place, Hollywood, where she can visit her at any time. She lives there with her lovely daughter, a young lady of 22. All honor to Mrs. Frances L. Neth.

MISS VERMILYE SPEAKS AT FORUM

Gives Comprehensive Survey
of United States—Past,
Present and Future

About 75 members of the Chamber of Commerce partook of the forum luncheon served at the Masonic Temple today at 12 o'clock.

Secretary Rhoades presented a petition passed for signatures, which had been prepared by Mr. Ellis, a member of the chamber, to be presented to the city trustees. This recited the fact that the franchise secured by the Pacific Electric through the portion of our territory which was then Tropic, called for all trains to stop at Tropic avenue, now Los Feliz road, but that this condition is being ignored. The trustees are requested to abolish the high speed of trains through our city that has resulted in fatal accidents. The petition was generally signed.

Dr. Jackman, a member of the chamber, was introduced as chairman of the day, and she in turn introduced Miss Vermilye of New York, who has been spending the winter in Southern California, who made the leading address in which she reviewed the origin and development of the United States, its present problems and future. It was a wonderfully illuminating and comprehensive survey, which was followed with close attention and of which a fuller report will be made tomorrow.

Mrs. Ella Richardson appealed for aid in furnishing the kitchen at the Monte Vista home for children, and Secretary Rhoades announced as the speaker at the next forum, Nelson O. Rhodes, who will talk on the Mexican situation and conditions. He also urged the advance purchase of tickets for that meeting that he may be advised how many will attend and be able to avoid a deficit.

CHAPTER A. H. HAS ARBOR MEETING

Chapter A. H. of the P. E. O. met Tuesday, May 3, at the home of Mrs. C. A. Barker on South Glendale avenue. Luncheon was served in the arbor which is such a delightful feature of the beautiful grounds surrounding the home of the hostess.

Following the luncheon Mrs. Marguerite Turk gave a most interesting talk on Italian lakes, illustrated by views which she obtained while living in Italy. A business meeting followed over which Mrs. Sina Van Etten presided. This was followed in turn by a hearing of convention reports.

The next meeting, which will be the regular luncheon, will be held May 17, at the home of Mrs. Abbie Webster on South Central avenue, with Mrs. Amelia Wattles and Mrs. Mildred Kimball as assisting hostesses.

PRESBYTERIAN THERAPAYA CLASS AT BIG TABERNACLE

"Material Things Cannot Satisfy Spiritual Cravings" Declares
Popular Evangelist at Last Night's Meeting—Talks
on Rich Man Who Hoarded Wealth

"THE CHAMPION FOOL" IS THEME OF ORATOR

Popularity of These Services Manifested by the Crowds That
Tax Capacity of Building Every Evening—Good
Music and Singing Are Strong Features

The usual overflowing crowd greeted the evangelist last night at the opening hour. During the preliminary singing the Therapaya Class of the Presbyterian Sunday School marched in and took the seats reserved for them. There were 20 of them, dressed in their very attractive class uniforms. When asked by Mr. Ironmonger what song should be sung in their honor, the instant response was "109." This was sung with a vim. The old favorite of six years ago, No. 42, was sung for the first time last night.

Evangelist Brown announced his theme as "The Champion Fool," and read from Luke 12, the story of the rich man who after laying by much goods for many years, his soul was demanded of him just when ready to begin his selfish indulgence. The text was: "Thou fool! This night shall thy soul be required of thee."

The evangelist said: "Jesus had been preaching to a very large audience and dealing with great themes—the judgment, when all secret things shall be brought to light, the promise of the Master to confess His followers before the Father. In the final

awful day of judgment all secret things shall be brought to light. 'You may deceive man, but you cannot cover up your sins from the awful judge. Do not fear him who can kill the body for Jesus said: 'Rather fear him who, though he may not harm the body, may cast the soul into hell.' And Jesus said: 'If you will confess me before men I will confess you before my Father who is in heaven. But if you deny me before men, I will also deny you before my Father.' It was in this memorable

(Continued on page 6)

FORD AGENCY LEASE ON EAST COLORADO

Sam Davis, who is one of the old residents of our city and one of its best known citizens, is greatly pleased with the deal he was instrumental in consummating when a lease was entered into between Jesse Smith, agent of the Ford automobile in this city, and William K. Russell of Kansas City, who spends his winters here and who owns property at the northeast corner of Orange and Colorado. The negotiations have been in progress for about two weeks and Mr. Davis was personally interested because of his own holdings on that thoroughfare which he believes is the logical place for automobile row. Mr. Smith is of the same opinion and so has closed the deal by which Mr. Russell will put up for the Ford agency a building having a frontage of 150 feet on Colorado and of 95 feet on Orange. It will be of brick and include a garage and a large up-to-date salesroom.

Mr. Davis has just purchased a lot 50 feet of his present holdings on Colorado and will improve it with a business block in the near future.

RAINFALL

H. E. Bartlett reported about noon that his rain gauge measured .28 of an inch. This makes a total of 13 inches for the season, against 16.01 inches last year at this time.

MAY FESTIVAL FOR SCHOOL CHILDREN

Friday afternoon Central avenue school, of which Miss Annie McIntyre is principal, will enjoy its annual May festival and this year quite an elaborate program has been arranged for the pleasure not only of pupils, but also of the mothers and friends of the school who are expected to be in attendance in large numbers. It will begin at 1:30 p. m., and take the place of the ordinary Friday afternoon session.

That it may be truly representative and pleasantly varied it will be arranged in two parts. The first will be put on by pupils of the kindergarten, first, second and third grades, and will include the crowning of a May queen, a Maypole dance, dramatic stunts, songs, etc.

Part 2 will be a cantata, "Carnival of the Flowers," given by children of the fourth, fifth and sixth grades. Solo parts in this will be taken by children who will personate flowers, viz.: Janice Brown as Queen California Poppy; Rose Bagley as "Strawberry Blossom"; Evelyn Rockwell as Yellow Jasmine; Elizabeth Wolman as The Breezes. Water lilies, daisies, violets, mosses, etc., will be represented, making a very pretty scene and affording opportunity for many children to participate.

Research Hospital to Be Dedicated Sunday

Formal Reception Will Be Given in Afternoon—Speeches
and Musical Program Arranged—Most Complete
Institution in Southern California

The most complete, most up-to-date institution for the care of the sick in Southern California, will be ready for the noble cause to which it is dedicated, when the new Research hospital, at Adams street and Lexington drive opens its doors to the public on Sunday afternoon, with a formal reception from 1 to 5.

Short speeches by prominent men of Glendale and a musical program in charge of Spencer Robinson will feature the program, which will be held at the front entrance to the building, after which the handsome edifice will be thrown open to the public. Decorations are in charge of Miss Ruth Byram.

Experts will demonstrate to the public the workings of the X-ray room, and the laboratory, and attendants will show guests through the building and explain its many advantages.

The Research hospital is a beautiful fireproof building of hollow tile construction. In its building and equip-

ment were embodied the latest and most scientific ideas to make it the most up-to-date hospital in Southern California. Ample grounds surrounding the building give opportunity for the addition of more rooms when needed.

The latest sterilizing appliances insure absolute sanitary conditions. The kitchen is a model of sanitation; every dish and every glass used by a patient is rendered sterile by the sterilizing outfit, which is the last word in hospital appliances.

The hospital contains 42 beds; the set of mattresses and bedding are included in the equipment of the patients' rooms. Every room, except some of the utility rooms is an outside room. The state law requires an eight-foot ceiling; those of the Research hospital are ten-foot ceilings, thus insuring a plentiful supply of fresh air for the patient.

The Glendale Research hospital

Important Invention of William Clifton Cutler

Prominent Resident of Glendale Has Perfected Automatic
Directory on Which He Has Worked Eleven
Years—Resembles a Grandfather's Clock

That interesting citizen, William Clifton Cutler of 1327 North Louise street, is likely to come into considerable public notice through the completion of a device which he considers his crowning invention from the viewpoint of a commercial money maker. As he has turned out about one hundred inventions, big and little, which he has either sold outright or on which he is receiving a royalty, he is a tolerably experienced promoter and estimator of values. They have all been profitable, but this child of his brain as an income producer promises to rank with Standard Oil products.

It is an automatic directory encased in a cabinet resembling a grandfather's clock. On a projecting desk is an index of businesses represented, including name, address, telephone, etc., together with the number of the sheet on which they may be found. At the right is a disk with an indicator which, by means of a crank, can be swung to the number desired. Pressure on a foot lever then raises the sheet containing the information desired into view behind the glass

where the face would be if it were a grandfather's clock.

The aim is to include in this directory the representative business and professional men of a community, to make it a select list which will be of far greater value than the indiscriminating list in the ordinary city directory. It will have a capacity of 18,000 names, and can therefore be made to cover a district of say, eight

(Continued on page 2)

PERSONAL MENTION

Mrs. M. S. Kuehney, 368 West Doran street are entertaining their niece, Miss Ruth Twomey of Mojave.

F. S. Balthis of North Brand boulevard has returned from a fishing trip to Big Bear lake, in which he was accompanied by Dr. R. R. Roberts of Los Angeles. They had an exceedingly pleasant outing and their catch included trout of exceptional size.

Mrs. Frances Noth, one of the John Brown evangelistic party, gave a very interesting Bible talk to 25 ladies of the First Baptist church, Tuesday afternoon, at the home of Mrs. Emma Sudlow, 212 East Garfield. Dainty refreshments were served at the close of the afternoon.

A group of ladies of the Congregational church met at the home of Mrs. T. V. Potter, 446 West Broadway, on Tuesday, to sew for the Red Cross drive for clothing for the poor children of Europe. The day was devoted to the making of layettes. Mrs. Potter is chairman of the social department of the church.

Mr. and Mrs. E. C. Hurlburt and two sons, accompanied by Mrs. Adelaide Imler and Miss Marjorie Imler of West Park avenue, motored to Santa Susana last Sunday. They report a lovely trip. Mr. Hurlburt left Tuesday for Nevada, where he will be for several days attending to business interests.

C. E. Neale has called a meeting of the Merchants' Credit committee for Friday noon at the White Inn.

Mr. and Mrs. McKillip, who have been guests of Mr. and Mrs. A. L. Baird of 673 North Orange street, departed yesterday for their home in Chicago. They will go via Northern California and expect to visit Alaska before finally returning home.

R. C. Chambers, who is engaged in business in San Francisco, but whose family is living on West Lexington drive, returned to the Bay city Tuesday, after a few days visit with his family here.

Mr. and Mrs. R. G. Whitney of 327 East Chestnut, are entertaining Mr. and Mrs. H. S. Botsford of Cardena, parents of Mrs. Whitney, for a few days. Mr. and Mrs. Botsford are leaving soon for Tilden, Neb., where they will be for the summer.

C. F. Parker of 221 North Central avenue has as his guest, Allen Connor of Redwood Falls, Minn.

Mrs. Harry Hyne of 316 Ethel street was the recipient of a very pleasant surprise this morning when several of her friends called upon her with gifts and best wishes for a very happy birthday.

Ross Russell of 474 Riverdale drive, left yesterday on a business trip to San Francisco. He will probably be gone about three weeks.

Miss Alma Morgan of Highland Park and Mrs. T. Swick of Claremont, former friends of Mrs. G. H. Rowe in Dundee, Ill., are guests at the Rowe home, at 216 South Orange street.

B. J. Dockeray and family, who are at Hermosa beach for the summer, were recent guests of his sister, Mrs. J. W. Headlee, 315 Burchette street. Both families attended the zoo social of the White Star Patrol and report a very enjoyable time.

Mr. and Mrs. A. S. Van Cleave, former residents of Glendale, have purchased property at 212 South Jackson street. They are now living at Arcadia, but are planning to return to Glendale to live.

Mr. and Mrs. William Crawford of 800 South Central avenue, entertained Mr. and Mrs. Robert Danner and Mr. and Mrs. T. S. McKee of this city, at a dance held at the California hall in Los Angeles. The affair was given by the Helen Jean Christie Tent, Daughters of Veterans.

W. Waterhouse, the veteran tabernacle builder for John Brown, arrived in Glendale yesterday with news that the tabernacle in Reedley is ready for the beginning of the campaign next week. He is here to attend to the financial end of the Glendale campaign.

Reed Heustis, with the Los Angeles Herald, recently returned from a few days at Catalina island. He paid the Glendale Daily Press a social call yesterday. Mr. Heustis resides at 823 North Brand boulevard.

Mr. and Mrs. W. W. Watson of Cleveland, O., were recent guests of their niece, Mrs. D. S. Sanker, 308 Vine street. Mr. and Mrs. Watson are soon to leave for their eastern home.

PACIFIC COAST TOURNAMENT

(By International News Service)
FRESNO, Cal., May 5.—Payne of Long Beach went into first place today in the individual event of the Pacific coast bowling tournament with 605. This score with 567 in the doubles and 570 in his team event also put him in the lead for all events with 1742.

Arioto and McGeorge of Stockton are still leading in the doubles with 1162. Weber and Slike are second with 1116, and Pritchett and Stevens and Sayre and Murray tied for third with 1107.

The California Tigers of San Francisco are leading in the team event with 2732, the Poppies of Stockton second with 2697 and the California Shade Cloth Company of San Francisco third with 2678.

BASEBALL NOTES OF GENERAL INTEREST

(By International News Service)
ALEC GASTON, late of Milwaukee, enabled the Giants to crack the winning streak of the Dodgers with a triple in the eighth inning. Gaston is a substitute catcher.

The Cubs gave Freeman good support, and he pitched winning ball against Cincinnati.

Ty Cobb made a diving stop of Falk's double in the seventh and his relayed throw caught a White Sox player at the plate. The Tigers overcame a five-run lead.

Boeckel's hitting featured the Braves' victory over the Phillies. He drove in two runs and scored one himself.

Three games were postponed on account of rain.

See Classified Ads on Page 5

Important Invention of William Clifton Cutler

(Continued from Page 1)

It is designed for use in public places, such as hotels, drug stores, stations, on transcontinental trains and steamboats, and in all places where the public naturally seeks information and harasses busy clerks.

It is figured that a listing in such a directory would have an advertising value easily worth \$10 a year to the man listed. This would mean a return from the directory in one district alone if filled to capacity of \$180,000. The right to use the machines in a given territory will be sold on a royalty basis of 25 per cent. The United States has been chartered into 108 districts and Canada into 32. It has also been patented in England and France. But besides this annual revenue from the regular directory listings, it will be possible to give directories of theaters which will be changed weekly, to record the attractions on view and for these listings a charge of \$10 a week will be made, come. Mr. Cutler is now negotiating a contract for this district.

The inventor feels he is entitled to good returns for he has been at work upon it for 11 years and in perfecting the machine has spent \$41,000. Twelve complete devices were built before he satisfied himself, and these are all to be seen in his laboratory as milestones on the path he has traveled. When asked why he persevered so long when any of the others were workable, he answered: "Because if I had not made it both mechanically and commercially perfect I could not have sold it," and so, simple as it looks, a multitude of little details have been worked out which insure it against clogging or sticking and a general scheme under which it can be used, has been elaborated.

The stations and stores where these directories will be placed will pay nothing for them but will reap an advantage in being able to refer applicants for information to the machines. The public will get valuable information without cost and in a novel, appealing manner. The people who pay will be the people advertised in the directory.

When asked how the idea suggested itself, Mr. Cutler told of a trip he once took on an ocean steamer to Vancouver. When approaching the city he vainly tried to obtain some information in advance of his arrival, and was wholly unsuccessful. The thought occurred to him that if he could make a machine that would automatically hand out such facts as travelers desire to know, it would be a great boon, and so he got started on the long road.

"If you become disgustingly rich from the royalties of this directory, will you stop inventing?"

The prompt and decisive reply was: "Never. I do not invent for money."

HERE IN GLENDALE

BUILDING ON MAGNOLIA

Harry Hague, who has built several houses on Magnolia, between Central and the school grounds, which the street backs up against, making a court, took out a permit for another one this morning of five rooms with a garage, all to cost \$3000. Magnolia, between Central and Brand, is now feeling the impetus of the building boom, several small houses having been started there.

BIG FLAT BUILDING

A building permit was taken out yesterday that goes quite a way toward solving the acute housing problem that has faced Glendale for the past year. It was for a four-family flat building and garage at 126 North Orange. The building will be two stories in height and contain 16 rooms. A. L. Burson, the well-known plastering contractor, and I. Cline, builder, are putting up the building, which is to cost \$15,000.

STILL MANY MOVES

A. M. Bayless has moved from 210 South Cedar to 317 West Broadway; Mrs. Lottin, 326 East Chestnut to 349 West Elk; T. P. Elfer, 724 1-2 to 800 East Windsor; N. A. Frazer, 1428 South Glendale avenue to 683 North Maryland; B. H. Vrengor, 537 Alexander to 536 North Lexington; A. Ellis, to 724 1-2 East Windsor; Miss C. Taylor to 332 West Colorado; Mrs. S. Helwig to 327 Fairview; F. J. Willis to 1213 South Maryland; Ida M. Freeman to 441 Hawthorne, rear.

Houses approaching completion are those of D. G. Corralino, 1051 North San Fernando road; D. D. Haines, 323 West Wilson; A. C. Pert, 414 Ivy; F. McEwen, 1280 1-2 Mariposa.

PRESENTED WITH NEW CLOCK

The Chamber of Commerce is indebted to Jeweller J. S. Walker who has presented that organization with a 30-day clock for its office.

SALE BY CHANDLER

One of the recent sales made by J. F. Chandler, whose office is at the corner of Lomita and Brand, is the house at 212 South Jackson street, for John Begg to a Mr. Van Cleave of Arcadia. It was formerly owned by Mrs. Newton of 208 Belmont street, who sold her home here and has gone to Texas.

PRESS CLASSIFIED SERVICE GOES HOME

although I am glad to have it and to get all I reasonably can out of the things I make, but I do the work for the love of it."

Mr. Cutler's patents on the Isoo ice machine he sold outright to a company that has spent millions on a plant to produce the machines.

Another device which was patented by Mr. Cutler after working upon it five or six years, is an "appointment clock." A sort of rainbow which surrounds the face of the clock, on close inspection is found to be a series of tinted pockets in which cards can be slipped. It operates something like this: A. calls upon Lawyer B. and on concluding his interview announces that he will call again next week on the same day and hour. Lawyer B. slips the card into the pocket for that day and hour and dismisses the matter from his mind. When the day and hour arrives, the card protrudes, a phonograph announces: "You have an appointment at this time," and a buzzer hums until released by the removal of the card. It can also be adapted to hotel use. When a guest notifies the clerk that he wishes to be called at say, 5 a. m., the clerk slips the card in the proper slot and pulls the plug that corresponds with the number of the guest's room. When 5 a. m. arrives, a slight buzzer sounds in the clerk's office and a light is switched on, illuminating the number of the guest's room. At the same time a bell sounds in the guest's room until released by the guest or clerk. This complicated mechanical servant has cost a lot of money, too, Mr. Cutler says.

While working on these bigger things, Mr. Cutler has diverted his mind by work on small novelties, many of which are now on the market. One little device which is perhaps too useful to be included in the novelty class, but which is decidedly ingenious, is a tire puncture finder. It consists of a piece of isinglass in a metal frame, shaped to closely fit the curve of the tire. Under the isinglass are little tongues of paper which are set a fluttering when the frame passes over the puncture from which the air is escaping, thus revealing it.

Other ingenious things are an automatic cardcase which shoots the cards out upon the pressure of a button; a handle for paper sacks; a pencil sharpener that also acts as a clip to hold the pencil in the pocket; a combined pen, pencil, eraser and scale for weighing; a noisy attachment for a toy auto to make it sound like a real fin lizzie, which shows that he has a heart that responds to the cravings of the small boy; a fountain shaving brush, and a multitude of other things that the inventor forgets until he runs across them in some drawer or box. He has made so many things and has so many more in the process of creation that he never has time to get his laboratory in orderly array.

Research Hospital Dedicated Sunday

(Continued from Page 1)

may be called a community owned institution. It is a \$100,000 corporation; there are 225 stockholders; the stock is all common stock. The company is not controlled by individuals or by a clique.

The board of directors is composed of five local men: Spencer Robinson, Herman Nelson, Roy L. Kent, A. L. Baird and Dr. McNaughton, who is also the superintendent of the hospital.

An advisory board to the board of directors is composed of physicians and includes Drs. J. L. Avey of Los Angeles; T. C. Young, Glendale; A. E. W. Yale, Burbank; Herbert T. Cox, and A. W. Teale of Glendale and Los Angeles. Dr. Cox leaves shortly for New York, where he will take a post-graduate course; his place on the board will be filled during his absence by Dr. Kerr of Fillmore.

Miss Grace McKinley is superintendent of nurses.

That there is a need for this new hospital is evidenced by the fact that between 30 or 40 patients needing operations are awaiting its opening.

The full program of Sunday's exercises, to which the public is invited, will appear in Saturday's issue of the Glendale Daily Press.

A motor tourist complains that it requires great skill to dodge the bill boards; even more, however, to dodge the board bills.

TOTAL \$1,742,712.78

FIRM AND EMPLOYEES MEET TOGETHER

Members of the firm of Neale & Gregg and their employees have a get-together meeting at the store every month at which they talk over various things pertaining to the betterment of conditions and service to the customer. Such a meeting will be held Friday evening, when the gathering will be addressed by a representative of the White Mountain Refrigerator Manufacturing Company, in which he will explain details of manufacture and construction. A representative of the Reliable Gas Range will also be a guest. That company is putting out the Lorraine Heat Regulator in connection with their stoves which is of great interest to housewives because by its aid they can put their dinners to cook at 2 o'clock and take them out of the oven at 6 in perfect condition without having received attention in the meantime. All this will be explained in connection with a general talk on the Reliable stoves.

"CINDERELLA'S TWIN" AT PALACE GRAND

Viola Dana has the stellar role in "Cinderella's Twin," the Metro special seen at the Palace Grand today only.

As the little queen of the kitchen who accidentally finds herself gazing on the Prince Charming of her day dreams, the scullery maid is whisked into a dazzling party by a gang of notorious jewel thieves, as their cat-paw. She drops a slipper containing the key to a safe and brings on the catastrophe.

As in the tale of the original Cinderella, so in the screen romance, it is necessary to fit the slipper to just that fraction of hair that permits the wearer to spill it into the path of the oncoming Prince Charming at the psychological moment. This is one of the climaxes of the picture.

Fatty Arbuckle, in one of his best comedies, "His Wedding Night," will make you "laugh till you can't."

Deafness in women is due to their failure to practice the art of listening.

CONGREGATIONAL BUILDING PLANS

The Congregational church building committee, elected by the church last Sunday, is composed of the following members: Blake Franklin, Hartley Shaw, Thomas White, E. D. Yard and C. B. Guthrie.

This committee has entire charge of the building operations, with power to appoint any subcommittees necessary.

It is hoped that building operations may be begun some time during the summer, the present building being entirely inadequate to house the large congregations that attend the services there. Plans for building and financing the new church edifice will be announced as soon as this building committee has met and organized.

It is what he is waiting for, we are glad to inform John Bull that there really is no dignified way to drop a hot brick.

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

By JOSEPHINE FRANCE.
TIME AND DOLLAR SAVERS.
When You Take Off Your Accordian Pleated Skirt, put an elastic band around the skirt, just tight enough to get one finger in, pull out each pleat evenly and let it hang that way until ready to wear it again.

To Keep the Thread From Slipping from the eye of the needle, after threading a little bit near one end of the thread and pass the needle through the open threads just as if you were sewing.

A Shoe Manufacturer gave me the following "foot note." Give the soles of the family shoes two coats of varnish—any kind will do. The varnish keeps the soles from wearing out and prevents dampness from striking through.

To Save Time when making buttonholes in children's plain underwear, such as bloomers, waists, etc., mark with a pencil the length of buttonholes at proper places; then place under machine and stitch back and forth four or five times around the penciled lines; cut between the stitching and you have quickly made a durable buttonhole. In this way you can make several in the time required to make one in the usual way.

Take Off the Lid and punch a few holes in the bottom of a small baking powder can, to let the air out, and use the can inverted to chop shortening into flour for biscuits, pie crust, etc. It saves time and makes the dough light and flaky. Use it to cut out biscuits. Use a larger sized one to chop cold potatoes and other vegetables. It can be used in a granite basin or a crockery bowl without injuring the vessel and saves using the large chopping knife and bowl.

When I Clean a Chicken I use a pair of tweezers to pull out the pinfeathers, and it works very well.

On Your Camping Expedition take with you the grate from the oven of the kitchen range. When you come to cooking the campfire dinner, get four good-sized stones and on these lay the grate; build the fire under this, and you can cook a variety of things with no danger of spilling into the fire.

Corners or Ornaments chipped from gilt frames can be camouflaged with chewing-gum. Gild with gold paint or powder.

Replace the Glue Bottle Cork with a Piece of Candle. It will not stick like cork and neither will the glue get so dry.

DORAN P. T. A. ELECTS OFFICERS

The election of officers for the coming club year was the principal business of the Doran street Parent-Teacher association at their regular meeting yesterday afternoon at the Doran street school.

Officers elected were: Mrs. Peter Diederich, president; Mrs. L. M. Richardson, first vice-president; Mrs. Florence L. Wintersgill, second vice-president; Mrs. Charles L. Chandler, treasurer; Mrs. Clark C. Johnson, secretary; Mrs. L. W. Sonntag, parliamentarian.

Plans for a school picnic were discussed, the date of the event and the place where it will be held, to be decided at the June meeting.

Home-made cake and tea were served during the social hour by Meses Osgood and Edwards, hostesses of the day.

HARRY LEON WILSON AT GLENDALE THEATER

Admirers of the stories of Harry Leon Wilson will be pleased at the announcement that the Glendale theater will present his most popular novel, "The Spenders," in screen form, as the feature picture on a big bill for three days, beginning today.

Those who know the story will have the pleasure of seeing the characters of "The Spenders," step forth from the covers of the book onto the silver screen and reenact the humorous tale of the east versus the west; while those who have not had the pleasure of reading the story will chuckle with glee over the amusing situations the novelist has created.

Such players as Joseph Dowling, Niles Welsh, Claire Adams and Robert McKim have principal roles in the story while the well-known players are in the supporting cast.

An attraction extraordinary for today is Mrs. Virginia Freeman, dramatic soprano, of the Washington Avenue Baptist church, Brooklyn, N. Y. Lyons and Moran in their latest comedy, "Blue Sunday," completes the program.

Seventy-five per cent of the proceeds of today's performances at the Glendale theater will be given by the management toward the erection of "The Little Church Around the Corner," in Hollywood, for motion picture people, regardless of creed.

ARE YOU SURE

OF QUALITY OF THE MILK YOU ARE GETTING?

What is the bacteria count?
Is it from healthy or tubercular cows?
Under what conditions is it produced?

Disease or contamination can enter your home more easily through milk than in any other way. You cannot afford to take a chance with questionable milk. For safety's sake, INVESTIGATE.

WE URGE YOU

To compare the quality and cleanliness of our milk, as shown by actual figures, with that of any other milk available.

WE INVITE YOU

To visit our dairy in Burbank and see our clean, healthy cows, the De Laval Milker at work, and the careful handling of the milk. We have no visiting days—YOU ARE WELCOME ANY TIME. MILKING HOURS, 2 TO 5. Compare our dairy and methods with other dairies.

THEN WE ASK YOU

For the sake of your family's health, to choose a milk of which you can be sure.

THURSDAY, MAY 5, 1921

THE REPARATION IF GERMANY HAD WON

The restiveness of the Germans against the reparations assessed by the Allies reveals a sinister aspect of the European situation. The loud cries of the Germans against the excessive amount, as they protest, not very impressive in view of their own expressed demands, had the war been won by them instead of by the allies. In May, 1918, when the German armies were in the full flood of their spring success, Count von Roon, a pan-German member of the Prussian Upper House, and a representative of those Prussians who made the war, proposed the following peace terms:

1. No armistice on sea or land until the British troops are cleared out of France and Belgium, and the Germans are in Paris.
2. Annexation of Belgium, and of the coast of Calais.
3. Annexation of the Briey-Longwy region, N. E. France.
4. France to surrender Belfort, Toul, and Verdun, and the territory to the east of those places.
5. Return of the German colonies.
6. England to surrender her coaling stations, and to return Gibraltar to Spain.
7. The whole British navy to surrender.
8. England to return Egypt, with the Suez canal, to Turkey.
9. Evacuation of Greece, and restoration of King Constantine.
10. Division of Serbia and Montenegro between Austria and Bulgaria.
11. Payment of an indemnity of £9,000,000,000 (\$45,000,000,000) by America, England, and France.
12. Occupation of French and Belgian territory to continue until this agreement is carried out, the allies paying the cost of occupation.

The indemnity demanded was a superfluity of wickedness. No damage had been done to Germany, except in a small part of East Prussia. The people who drew up those terms are now circulating in the allied countries a new and impudent propaganda. If Germany forces the assembling of another army, as she seems to be doing, the indemnity she will be forced to pay will become much larger.

BOLSHEVIK ANTI-CHRIST CAMPAIGN

The Soviet government of Russia has started a new Red campaign against the Christian religion. The desecration of churches and the persecution of priests has set in again. In all towns and villages, so reliable reports say, posters have been affixed to church doors on which is printed the following Bolshevik "confession of faith":

There is no God. God no longer exists. God is an invention of the czars, priests and capitalists. There is no life after death. Man has no soul. He differs in nothing from the animals, once dead nothing remains of him. Man lives only on earth. He must occupy himself solely with his material existence. His duty is to ameliorate and liberate himself from all exploiters.

In all parts of Soviet Russia, Orthodox and Roman Catholic bishops and priests as well as Protestant pastors are being hunted down like wild beasts. Orders have been given to confiscate and destroy all religious books in public and private libraries and especially in the schools. These things should open the eyes of those radicals and innocents who have been in a spirit of apology. If not something stronger, in favor of Bolshevism. It is also apparent that atheism is the enemy of all freedom.

TO PROVIDE FOR DISABLED EX-SERVICE MEN

One of the best acts of the new administration is the appointment of a committee to consider the problem of providing proper care for wounded and disabled ex-service men. This committee can only make recommendations. It has an urgent matter in charge and the Congress should act promptly. As matters are today it seems that there may be great suffering before they can be corrected. Government hospital accommodations are lacking. Warning has been given by medical authorities that by 1924-25 an immense increase in the number of cases, especially of tuberculosis, among ex-service men is to be expected, and provision must be made for them beforehand. It is to the men wounded, crippled and weakened by disease that the country owes first thought, and for their welfare and comfort that it should generously prepare.

Possibly no special influence will be needed to provide properly for our hurt soldiers, nevertheless every citizen should become interested and do his utmost to hasten relief.

TEACH SURGERY BY PICTURES

Photographing of operations, we are told, by the motion-picture camera has recently been perfected, making it possible for doctors and medical students throughout the world to study the technique of distinguished surgeons here in the hospitals of the United Hospital Fund group. Previous demonstrations of surgical operations on the screen were not technically instructive, as they showed only what might be seen from a seat in the amphitheatre—the surgeon's face, his assistants' backs and only now and then a glimpse of the operative field. Through long experimentation on lens, lighting, speed and other details, pictures are now secured which show only the surgeon's hands, providing a close uninterrupted view of the operation itself and all its technical detail.

It is said that medical professors regard such pictures as of the greatest value to their students.

It usually happens that the political jobs do not go to the persons who actually need them.

A Richmond, Va., lawyer accepted his client's clothes as a fee. Some lawyers, it seems will do anything to get a suit.

STUDIO NEWS AND GOSSIP

Margaret Loomis Good Auto Driver
"Which would you rather do or be a screen actress?"

This burning question so often asked of present day girls and so often answered in the affirmative, received an original answer the other day.

The question was asked of Margaret Loomis, chic and charming screen actress, and her reply was:

"I should rather drive a motor car!"

In view of the fact that Miss Loomis has had unusual success on the screen and is moreover a classic dancer of note, the answer came as startling "copy" to a more or less blasé interviewer. Continuing Miss Loomis said:

"There is nothing more exhilarating to me than to sit behind the wheel of a good motor car and drive."

"All my troubles seem to melt into thin mist when I feel the miles slipping out behind me and the fresh, clear air blowing in my face."

"I have been driving for about six years and the other day the agent for a very exclusive and expensive car asked me to drive in an advertising parade through the traffic of Los Angeles. I was so flattered that I forgot to tell him I had never driven his particular make of car."

"However, when I got started in the parade, I soon accustomed myself to the levers, clutches, brakes, etc., and I really do not believe even an expert would have observed that I was a trifle awkward the first three minutes."

"Yes, I am a good driver—I admit it."

"If I were asked about anything else I can do—I might be more modest and less sure of myself—but I am exceedingly proud of my ability to drive a car."

"I believe women are going to enter the racing field soon. I know some of the girls are quite wild to do so—but personally I am afraid this would be too strenuous for me. I got up to 65 miles not long ago and I had a marvelous thrill out of it—but the endurance required for racing I think would be too much for me."

Marcella Pershing is playing opposite Hoot Gibson in a two-reel thriller, "Too Tired Jones."

Studio News

Matt Moore is playing opposite Seena Owen in Fannie Hurst's new story, "Back Pay."

Claire Windsor was a professional dancer in Seattle when she succumbed to the lure of the cinema.

Barbara Bedford, leading woman in "The Last of the Mohicans," has the leading feminine role in "The Face of the World," which is being produced by Irvin B. Willatt.

Agnes Ayres, a Paramount actress of Los Angeles, is in New York supporting Thomas Meighan in a picture of a Peter B. Kyne "Cappy Ricks" story.

May Collins' first Goldwyn picture is titled "All's Fair in Love." It was filmed as "The Bridal Path" and was adapted from Thompson Buchanan's well known stage play of the same title.

Elliott Dexter, Paramount leading man is journeying from Los Angeles to New York by way of the Panama canal and the Atlantic ocean. He will return to Los Angeles by the same route.

Carrie Jacobs Bond, song writer and musician, whose famous song, "The End of a Perfect Day," is soon to be adapted to the screen, has left her Los Angeles home for a six months' rest in eastern cities.

May McAvoy, Kathryn Williams, Edward Sutherland and Edwin Stevens have leading roles in "Everything for Sale," a Reelart picture now under way. Hector Turnbull is the author of the story and he is supervising the production of the picture.

Ethel Clayton, Paramount star, wears ravishing and costly gowns in her just completed picture, "The Lifting Veil," adapted from the English play of the same title. Charles Meredith is her leading man in the picture.

Ann Forest is the leading woman in the George Melford production for Paramount of "The Great Impersonation," an E. Phillips Oppenheim story. England and Germany and Africa just prior to the war are the principal locales.

Mary Garden, when asked whether she was considering working in the movies again, said: "I should love to. When I made 'Thais' for the screen the art had not developed to the point which it has now reached. We worked on little stages, chilly and uncomfortable. But now you have more facilities to work with than any of the other arts."

Beatrice La Plante is a member of the Gaylord Lloyd company producing comedies for Pathe. "Trolley Troubles" is the title of the first comedy to be released. It is on the "Lonesome Luke" order. Gaylord is Harold's brother.

LURED INTO AUTO AND TORTURED

(By International News Service)

SEATTLE, May 5.—After being enticed into an automobile and tortured with a torch, Thomas Killman, 50, is in a serious condition here today. When his three assailants had stripped and bound him, Killman says, pepper was thrown into his eyes. Later he says he was thrown from the car in an outlying section of the city. Killman formerly was a United States department of justice investigator and he believes his assailants were members of the I. W. W.

While walking downtown Killman says he was asked to ride in a motor car. When he got in he found two men besides the driver. They began to question him, asking if he knew Frank Little and Joe Hill. Little was an I. W. W. member lynched in Butte, and Hill was executed in the Utah penitentiary. He also was identified with the I. W. W. They then accused Killman of being a "stool pigeon" and began to attack him.

After stripping and burning him with a torch, Killman says they told him if he meddled with them again "it will be the last of you."

ODD FELLOWS' MEETING

Odd Fellows Lodge No. 338 meets in regular session this evening, at their hall, 111 East Broadway.

The initiatory degree will be given to six candidates. All visiting Odd Fellows are cordially invited.

PLEASANT NEWS OF GLENDALE GIRLS

Miss Dorothy Fifer, a former Glendale high school student, and who is now at Mills College, took one of the leading parts in "L'Etoile," by Paileron, given by the French club. The play was attended with interest by many lovers of French drama about the bay.

Iva Fifer of the Intermediate school, a sophomore in the Santa Barbara high, received first prize in a recent Poster Contest, conducted by the junior college students in connection with their "College Night" program.

Their mother, Mrs. H. M. Fifer, lives at 4 East Micheltorena, Santa Barbara.

W. C. T. U. MEETING

The regular meeting of the W. C. T. U. will be held at the home of Mrs. George Rowe, 216 South Orange street, tomorrow at 2 p. m. Reports from the recent county convention will be given. A good attendance is desired.

People seldom need money until they persuade themselves that they need something else they don't need.

BRITAIN WEEDS OUT IRISH AMMUNITION

(By International News Service)
LONDON, May 5.—During the last three months, according to a report issued by Dublin Castle, there has been a total of 167 rifles handed in to the authorities.

In addition, 550 shotguns have been given over, together with 294 revolvers and 24,429 rounds of ammunition. These represent the arms and munitions which it is now a felony to possess in Ireland and which the recent orders of the military authorities call upon the owners to surrender to the government.

The report is very silent regarding the arms in the hands of the "rebels."

FORTY TOWNS CAN NEVER BE RESTORED

(By International News Service)
PARIS, May 5.—Of 3256 French village communities where life was suspended at the close of the war, 3216 have now been restored, according to the latest figures. The remaining 40 may never be reconstructed, having been totally destroyed by shell-fire.

Of 294,000 homes entirely destroyed and 296,000 partly demolished, over 280,000 have been rebuilt or repaired and 130,000 temporary homes have been erected.

Mrs. Clark—George, why don't you be good?
George—I will for a nickel.
Mrs. Clark—For a nickel? Why don't you be good for nothing, like your father?

PRESENTS BILL TO MAKE HOBOES WORK

(By International News Service)
WASHINGTON, May 5.—The National Hoboes' Union probably will be some on Representative Baker of California, when the word spreads around about what he has done to them.

Acting on impulse, perhaps, he has dealt the side-door fraternity what amounts to a considerable wallop.

The hobo can ride on most trains and through most states without rick-ing anything more than being shoved off the rear of a fast-moving boxcar by a hardboiled "brakie," or perhaps being arrested while slowly disengaging himself from a brake-beam in the freight yards. If he is arrested he stands to get a few days free board perhaps and then sent on his way. That is, he can now. But not if Representative Baker has his way.

The congressman from California has introduced a bill in the house providing that a hobo who "hops" a train in any state can be arrested and insulted with the request that he fork over anywhere from \$50 to \$1000 fine. And if the hobo doesn't happen to have his checkbook handy, instead of the old familiar "30 days," he can be put in one place for a solid year's residence, with daily labor and enlarged mosquito bars at the windows at night.

Germany boasted that the world would soon forget atrocities if she won. And apparently it has, anyway.

IT WAS TRUE AS FAR AS IT WENT

(By International News Service)
CHICAGO, May 5.—It was a wonderful story if it hadn't been for that last line.

Perusing a copy of the Bulletin, official paper of the Great Lakes Naval Training Station, a suburban correspondent for a Chicago newspaper came upon an item saying that all gobs of the station were to be sent home on vacation because it was necessary to make some alterations at the station. The sailors were to be given vacation pay and free transportation to their homes in all parts of the United States.

The Chicago paper printed the story and forthwith naval circles were in a furor.

Investigation revealed that the story in the Bulletin had been printed on April 1 and that the suburban correspondent had failed to clip the last line, which was:

"APRIL FOOL."

COLD AND HUNGRY; JAIL LOOKED GOOD

(By International News Service)
SAN FRANCISCO, May 5.—James Horne, veteran Canadian member of the expeditionary forces to France, horned his way into jail today. The charge was attempted burglary. "I was cold, hungry and broke," Horne said, "and if it's warm and there are eats, I don't mind jail."

Horne said that prior to horn-ing into jail he had horned in with the buffaloes at Golden Gate park and slept three nights in their paddock with only the blue sky as covering.

PROTEST HOME POLICY PLANS

(By International News Service)
LONDON, May 5.—Representatives of British dominions in London are fiercely protesting against the mantle of secrecy under which the proceedings of the imperial conference in London next June are lying hidden.

The two things that the dominions are most anxious to discuss are the Anglo-Japanese alliance and the Irish question. They have been assured that no steps will be taken toward the renewal of the Japanese alliance without their concurrence, but they want to know in advance what constitutes the policy of the British cabinet in order that it may be discussed by their respective governments before the delegates leave for London. So far they have been unsuccessful in obtaining any information.

A similar position exists with regard to Ireland. The British authorities are fully aware of the strength of feeling existent in the dominions in regard to Irish questions and especially in reference to the administration of Sir Hamar Greenwood. But, although they have invited colonial representatives to put their views forward, yet there is not the slightest assurance that these will be in any way acted upon. This also is causing considerable discontent.

Apart from this, there is also a feeling that the dominions will be asked to assent to a scheme for closer union

ALASKAN TRAVEL AFFECTED BY STRIKE

(By International News Service)
SEATTLE, May 5.—Refusal of any dock or engine room officers in the employ of the Pacific Steamship company to sign on with the company's vessels is tantamount to dismissal from the company's service. It was announced here today by H. C. Cantelaw, assistant general manager of the company. This announcement was made following the cancellation of the sailing of the steamship City of Seattle for Alaska as a result of the walkout of marine engineers. The Alaska Steamship Company also has postponed all sailing indefinitely. This means the discontinuance of Alaska and California service indefinitely. Heavy demand for passage to Alaska aboard Canadian Pacific steamships is reported from Vancouver, B. C., following failure of the American vessels to sail.

VACATION HIKING
Strengthen your leg muscles and weak back by learning a simple set of exercises. Too thin? Too fat? Nervous? Run down? The Joyful Method of keeping it evolved by Mrs. Nanno Woods will help you. Phone Glendale 394.

Press Classified Ads are business getters. Our circulation is rapidly growing.

with the mother country, both fiscal and otherwise, but without any opportunity of the scheme being put forward for popular approval beforehand.

Great efforts are being made to persuade the British government to come out into the open and state its views on these matters. Any failure to do so will probably imperil the success of the conference in advance.

WOODMEN BEGIN BIG CONVENTION

(By International News Service)
SANTA CRUZ, May 5.—The Modern Woodmen of America's state convention is in session here today.

Woodmen have been arriving from all over the state, about 150 coming from Los Angeles by auto by the coast route.

The uniform rank is at the cottage city, the headquarters and information bureau is at Hotel St. George and the meeting place in the Native Sons' hall.

Last night there was a public reception at the casino with Walter Cox presiding as chairman of the evening. The address of welcome was by Mayor C. C. Kratzenstein, with a response by State Consul C. H. S. Bidwell, of Sacramento.

He was followed by H. R. Judah, president of the chamber of commerce.

A review of the order was given by

PEARL KELLER'S PLAY AT PALACE GRAND TOMORROW

Cecilia Mae Fischer Who Takes Part of Princess Is Well
Known to Glendale Audiences—Evelyn Hunt
Will Also Be Prominent in the Cast

PLAY TO BE PRESENTED BY HOME TALENT

Play a Dramatization of Frances Hodgson Burnett's Child's
Book Telling Story of Sara Crewe—A Great
Favorite With Children and Elders

Glendale is rich in entertainment this week, but one of special
interest to parents and lovers of children will be the play "The
Little Princess," which is being put on at the Palace Grand by

CECILIA MAE FISCHER AS THE LITTLE PRINCESS

the pupils of the Pearl Keller School of Dancing and Dramatic
Art. As has already been stated in these columns, this play is a
dramatization of Frances Hodgson Burnett's charming child's
book, telling the story of Sara Crewe, a great favorite with chil-
dren and their elders.

Little Cecilia Mae Fischer, who
takes the part of the princess and who
is well known to Glendale audiences,
has been a pupil in the school for the
past two years and in this part dis-
plays talent unusual in a child of her
years.

Evelyn Hunt, who is being fitted
for the professional stage, will also
be prominent in the cast. She is one
of Mrs. Keller's oldest and most bril-
liant pupils.

The little Turner sisters, so well
known in Glendale, also have good
parts.

Doris Packer enacts the role of Miss
Minchen, which calls for characteriza-
tion in which she excels. Little Glen-
Hitchcock is the scullery maid and

Grace Yarbrough the sarcastic, spoiled
child.

Marie Hearnshaw as Miss Minchen's
sister, does fine work. Adults in the
cast include A. J. Van Wie and Joseph
Griffin, well known in amateur the-
atricals, and Miss Phyllis Adams, a
former pupil of Mrs. Keller, who is
now a newspaper woman.

Dorothy Dutton, Julia Peley, Shir-
ley Hitchcock, Ethelwyne Kent, Gould
Moore and Gladys Michel will do little
specialty numbers in the party scene.
Howard Kent has the only speaking
part for a boy in the play and is cer-
tain to make a hit. He is a three-year
pupil of the school and son of Mr. and
Mrs. Roy L. Kent.

Loomis, Olympic Champ. Takes Part in Field Day

(By International News Service)

PHILADELPHIA, Pa., May 5.—
Frank Loomis, the Olympic champion
for the quarter-mile hurdles, has writ-
ten a letter to the director of the
second annual American Legion field
day, which takes place on Franklin
field June 4, stating that he will be
very glad to be present at the games.
Loomis was here last year and, in
beaten by Barron, of Penn State, in
a special 220-yard low hurdle race.
This race was too short for Loomis,
who proved himself the greatest quar-
ter-mile hurdler in the world when he
won this event at the Olympic cham-
pionships at Antwerp. Loomis asks
that a quarter-mile hurdle race be
added to the program. He states that
he is in better form than ever and
will make a special preparation for
this race in hopes of making a new
world's record. Meanix, formerly of
Harvard, one of the finest quarter-
mile hurdlers in America, is now in
Philadelphia, and if the race is put
on he will no doubt enter it. Desch,
of Notre Dame university, who was
third in the quarter-mile race at the
Olympic, will be invited to compete
against Loomis so that a record break-
ing race will be assured.

The inquiries about the Legion
games indicate that they will be very
popular this season. The Meadow-
brook, Germantown Boys, Enterprise,
Northwest Boys' clubs, all the Catho-
lic clubs and many other organiza-

tions, have promised to give men in
the marathon and Legion and A. A. U.
handicaps. It looks as if the entries
would be very heavy and they will in-
clude all the best athletes of the
east. As the army, navy and marine
corps of the United States will send
full teams for the various Legion and
service events and also have men in
the A. A. U. handicaps, the meet
should be most interesting and high
class. This will be the first time in
the history of this country that rep-
resentative track and field teams from
the army, navy and marine corps have
been brought together, and some very
fine performances should be seen.

ONLY ONE "SMITH" LEFT IN CONGRESS

(By International News Service)

WASHINGTON, May 5.—For the
first time in many years the rep-
resentation of the national Smith family
in the house of representatives has
 dwindled down to one. He is Addi-
son T. Smith of Twin Falls, Idaho,
and is a lone survivor of five from
the last session, and several others of
previous sessions. Representative
Smith has only one near-relative, Rep-
resentative Smithwick of Florida. In
spite of that slight moral support the
Idaho member still feels somewhat
alone.

AMONG THE BOXERS

By JACK VEIOCK
N. Y. Staff Correspondent
NEW YORK, May 5.—"If Georges
Carpentier comes to Dempsey when
they answer the bell July 2, I don't
think the fight will last a round.
Dempsey will slaughter him."

Jack McAuliffe, famous old light-
weight champion of the world, who re-
tired undefeated in 1893, made this
prediction today.

"I'm not belittling Georges," he ex-
plained. "I merely believe that he will
make the mistake of his life if he
rushes the champion. On the other
hand, if Dempsey attempts to box Car-
pentier, I think it will be curtains for
the champion."

"Dempsey is a natural born fighter.
He makes a fight as he sees it or as it
is carried to him. He goes in there
with eye, brain and fists centered on
his opponent's jaw or his midriff. At
this style he is in a class by himself.
Carpentier, on the other hand, is more
of a book-taught boxer, though he has
mastered the fine points of the Ameri-
can style. It is not that Dempsey
lacks cleverness, as I see it, but that
Carpentier is the better boxer. In a
boxing match, I think Georges will
be all to the mercy."

"Carpentier's big fault lies in the
fact that he's off his feet when he
hits. I don't see how he can hit a
good blow that way. Certainly no
boxer who hits while doing a Pavlova
is going to whip Dempsey."

Presbyterian Therapaya Class at Big Tabernacle

(Continued from Page 1)

day's discourse that Jesus spoke of
the unpardonable sin. He was the
world's greatest preacher and the
world's greatest teacher. He answered
the greatest questions that the most
astute casuist could put up to him in
a flash.

"This most striking parable that
Jesus put forth was in answer to the
request of a man in the crowd that
the Master compel his brother to di-
vide the inheritance with him. Jesus
answered, 'Man, who made me a judge
between thee and thy brother?' and
then he told the parable of the rich
fool."

"How is this parable applicable to
the audience before me? First, this
man seemed to believe that these
earthly possessions were his to have
and to hold. He said, 'My fields, my
crops, my barns.' Second, he seemed
to think that these material things
could satisfy the cravings of his im-
mortal soul. This, he apparently be-
lieved that the things of this life
were practically everlasting."

Everything is God's. 'The earth is
the Lord's and the fullness thereof,'
and you are God's for you have been
bought with a price.

"Thank God for the man and woman
who put Christ high above all. Many
parents say: 'My first duty to my
child is to feed and clothe him. You
poor fool. This is the greatest mis-
take you ever made. Your first duty
to your child is to teach him to be
true to Jesus Christ.'

"This rich fool seemed to think that
all time was his, for he said: 'Soul,
thou hast much goods laid up for
many years.' Friend of mine, if God
should say to you, 'this very night
shall thy soul be required of thee'
would you be willing and ready to go?
To how many of you would he have
to say, 'Thou fool!'"

TWO THEATERS IN PASADENA SOLD

A deal whereby Turner and Dahn-
ken, Northern California theater own-
ers and lessees, will become owners
of the Jensen theaters in Pasadena
will probably be consummated today.
The Jensen picture, show interests
there include the beautiful Raymond
theater, which cost \$500,000 and was
opened but a few weeks ago, and the
Pasadena theater on West Colorado
and De Lacy street. The deal has not
been closed formally, up to noon to-
day, according to Robert Jensen of
the Palace Grand.

The Turner and Dahnken interests
are buying all four of the Pasadena
theaters, in a deal that is said to in-
volve \$1,000,000. The other two
cinema houses are the Strand at East
Colorado and Euclid, owned by J. M.
Rock, and the Florence at East Colo-
rado and Hudson avenue, owned by
G. H. Schulmann.
